	Request for Proposal No. RD-8-68
(	Project No. 02318  Common Stage for High-Power Stereoviewers
	Alignment Device for Stereoviewers
Dear Sir:	
	appreciates having received the subject Request and we have expended considerable effort reviewing the
requirements and	ectives and visiting your facilities to discuss your dobserve the equipment. As a result of our study, we
feel that two a	pproaches are open to us. The first is to supply a lower h mounts the two microscope stages, and the second is to
X-Y stage, which	ge system for individual or dual operation of micrometers
provide a linka	ges. In both cases the cost to you would approximate the
